Message-ID: <9605191631.AA13729@nando.net.nando.net>

Folks!

I'm beefing up my ham radio web pages at SunSITE:
<http://SunSITE.unc.edu/modena/hamradio.html>

I would be interested to receive URLs of strongly boatanchor
and vacuum tube oriented web sites/pages that you know of.

Ditto for GOPHER and FTP archives.

One liners are OK..send to: AB4EL@nando.net

hi gang;

have for trade 4-65A's...need 100TH's, and 2A3's, 250TH
basically tubes for BC-610E.....anybody interested? or have other things to
use as trade material.

also need manual for BC-614E modulator unit.

i'd be interested in most anything used with the BC-610E.

I called and called and called.. I think I heard CQ BA ..but too weak for me to get back to them..worked for about three to four hours .. Still it was fun.. also some SSB on the 7051kc..this did not help me hear at all.. was able to work a few other stations that were not with the group..Can't forget don't touch the key right there!!! With 12v. no big deal but with the old rigs..ouch.hi hi.oh well no contacts with our group but My DX 40 was working just fine..73's rich wd6fdd
